EXPERIENCES (INTERNSHIPS)

SCHNEIDER ELECTRIC INC. | IĐLİ, İZMİR
JULY - AUGUST 2017

I have successfully completed my summer internship at the Schneider Electric Inc. I developed industrial engineering problems, which coworkers required from us. I contributed it by identifying an engineering problem. I gathered information to improve myself by visiting work areas and departments. I ended my internship by presenting the problems to the relevant staff.

COMPONENTA INC. | MANİSA
JULY - AUGUST 2016

I had information by examining the issues related to heavy industry to the finest details. I worked in planning department in which I obtained information related to the subject.

SİPİL PLASTIC | MANİSA
JULY 2015

In this voluntary internship; I made time studies of the operations in the factory. I contributed to an improvement process with the results obtained.
